

**Handling Life's Hurts**  
**Part 6: When Life is Unfair**  
**Luke 15:11-32**

**The Younger Son**

**The Focus:** On **riches** and enjoying the “good life.”

**The Fault:** **Selfishness** and believing he could find the “good life” apart from the Father.

**The Fix:** He had to **fall down** before he could look up. He had to repent and come back home to the Father. Notice the Father did not let his son grovel. Instead, the Father ran to the son and restored him to full status as a beloved son.

**The Freedom:** The “good life” isn’t found in praise, popularity, or **prosperity**, but in a personal relationship with the Loving Father!
